Fall Fest - 10/28

PRESCHOOL POLO ROTATION All Black Month

INFANT CORNER

The infant teachers have been excited about working with the infants. During the month of September the infants will do some sensory painting with a spikey ball. The bright colors and the feeling of the ball as they roll it to make their paintings should be fun and interesting.

The new school year has begun and we are all getting to know each other well. We were glad to see the families at our "Meet the Teacher" on August 15, it was an opportunity to say hello to our wonderful KBCC staff and to see your child's classroom. Just a few reminders... Please make sure that your child maintains changes of clothes in their cubby, check your child's communication folder when sent home and talk to your child about what they learned each day.

Reminders

Please keep in mind this is an early learning center and is structured as a school.. It is important that ALL students arrive on time.

All students **MUST** arrive by 7:45 am with the exception of the infants who need to arrive by their scheduled time but no later than 8:00 am unless they have a scheduled doctor or dental appointment. Whether a routine or illness related appointment (specific to the child) please ensure your child brings in a doctor's note. Every day each child will receive a well-child check upon arrival.
